Heard someone say "If you can't be with the one you love, love the one you're with." I disagree. Anyone who agrees with that statement is admitting to being an inferior human that can only understand physical gratification. This further proves my point, and justifies my views on people, life, and the human race.

Postal dude rulz

September 10, 2006, 05:37:am

Wish they make Postal 3, like really really good. Postal 2 Share the Pain was o.k. but too childish, i want them to make a game so realistic, that it looks and feels like it's actually happening. Perhaps when they come out with Postal 4 (If they ever do)

Not just the graphics, but there should be more to do, other than just shooting people for no reason, there needs to be a plot, and a good story line. But i doubt Vince Desi cares what i have to say :(

And there should be music, a good soundtrack, with tunes from Marilyn Manson, Rammstein, Disturbed, and many others, you know what kinda bands we like. Mmmmmmm, what else, what else? Make it longer ummmmmmm, you know the kinda things i want, and a so make a small additional game, just like the first postal game, but with graphics of today, that'll just be a little fun thingy on the side. All concentration should be on

the main game guess it'll have to be for Postal 4 cuz the 3rd ones already being made

Hope no one kills the makers of the Postal game, cuz' those guys rock. If someone does attack "Running With Scissors" or any of you guys, it'll be those religious fanatics, like those guys that kill abortion doctors and stuff so watch out!!

I also heard that the Postal movie was gonna suck, not that I know anything, but it's better to postpone production and make it really, really, really good. Instead of rushing it. It should be a blockbuster movie, that everyone on earth wants to watch, or will want to watch after they hear about it from their friends.

You gotta bring Postal into the mainstream. I want more people to see what I see. By changing the format of the game and movie, you can do it. Just a little, the basis of Postal dude should stay the same, just gotta be a better story line. Let's get to know Postal dude's girlfriend, the places he worked at, the people that pissed him off, all that stuff, in detail, like a real kick ass game/movie

(Postal dude was sad before he became angry and psychotic, that's the part we're never seen in the game. He was normal, but the world made him the way he became, gotta show that in the game and movie too)

Meh, that's it I guess

:(

Fatality of Mind and Soul

People once believed, that when someone dies, a crow carries their soul to the land of the dead. But sometimes something so bad happens that a terrible sadness is carried with it and the soul can't rest. Then sometimes, just sometimes the crow could bring that soul back to put the wrong things right.

Where's Waldo? I think not! Where's Barbara is the true question!!

September 04, 2006
03:57:am

I was thinking of Barbara Borelli yesterday.

I saw her in a dream. She was just standing there smiling at me. She looked like a princess. All in white clothes, and she was just smiling, the most beautiful smile, but didn't say anything, and i just looked at her, i tried to look at her ears to see how many piercings she had by now, but couldn't see anything other than her face. There was a bright white light shining from all over, around her body, from the ground up, from the sky down, all over, a super bright white light. I couldn't stop looking in her eyes, it almost felt like if i stopped gazing into her eyes, that i would die. For a second i thought she was trying to tell me something, i wanted to run up to her and hold her, and touch her to see if she was real, cuz' this dream felt different than others i've had. But i couldn't move. I wanted to look down to see if there was something holding my feet and keeping me from moving, but i couldn't take my eyes off her.

It was weird. Cuz' usually i have dreams about people being murdered, hung, getting shot in the head, and stuff like that. Sometimes it's me that that stuff is happening to, and it's always dark and cold. But this was so different.

I wonder what happened to her? She was a girl that went to my high school. We hardly ever spoke, we were in like two different groups of friends, so our paths rarely crossed. She always looks so preoccupied with stuff. I liked her, guess i should have told her or something, just to let her know and stuff, not that anything would have happened, but it would'a been nice.

I wonder what she's up to? Maybe she owns her own business or something (seemed like something she'd like). It always made me smile when she went running down the halls, screaming at the top of her lungs, arms and legs flailing in every direction. Like some sort of escaped mental patient or something (i mean that in a good way). She was really sweet. (But loud) Bet if she ever stumbled upon my web page she'd hunt me down and smack me for that :o!

Wonder if she'd have let me call her Bar-bar if we had been friends. Bar-bar sounds nice to me. Hey! Hey Bar-bar!! Where are you? You're not under my bed or in my basement or dancing on the roof!

YES. YES I AM. Daaaaiiiiiiaaaaaammmmmmmmm. Can't a guy wipe it out in piece without everyone reading his journal entry, at the exact moment he's masterbating? I mean, cum on, ummm actually, scratch that, I meant come on.

Then sometimes, just sometimes the crow could bring that soul back to put the wrong things right

What's with.....?

August 28, 2006 02:42 pm

What's with all the slow lines everywhere? At the dep, at the mall, at the S.A.A.Q., even though we need more people at the cash registers, they keep replacing people with machines....machines that suck, and malfunction.

What's with the construction workers? Why do they get paid so much, to work so slow? The places i've worked we have to work super fast for so little money. Am i in some sort of Bizzaro world, like i'm the only one in it

What's with all the bitches? It's almost as though there was some sort of bitch convention somewhere, and 85% of the women went and all agreed to be bitches forever. The other 15% were spared. But having all these bitches in one room gave them a great power. A power not yet seen in this world. It's a special attack move of theirs. It transforms them into super bitches. It's so powerful that they can only remain in that state for a short period of time, then they go back to being ordinary bitches.

What's with all the assholes? It's like they invited all the men to a huge arena, where all the sports were playing, Soccer, baseball, basketball(for our negro friends), hockey, and others. 85% of the men showed up. And they must have all made a pact to be assholes, and fucktards for the rest of their lives. The other 15% who didn't show up were spared. These creatures were also given a super power of their own. They are able to transform into motherfuckers, backstabbers, two-faced liars for short times, thus, just like the women it's a powerful ability, so won't last for too long, as it wears off, they turn back into the ordinary assholes that they were.

What's with people? The governments of the world use scare tactics to fear the populations of the world into submission, and people submit. Pathetic little monkeys. Run little monkeys, go kill each other for your gods that don't even exist, go little monkeys, die for money, money that goes directly into the pockets of world leaders. Run monkeys, quickly no no, don't ever ask questions like "Why", "How" "That doesn't make any sense", "That's completely illogical" Do as we say little human creatures

I am ashamed to be part of the human race. Especially people who make fun of the girls on VF

Hip Hop isn't music it's inferior

August 28, 2006 02:15 am

Hip hop isn't music, it's just animals jumping up and down, like monkeys. Why don't the men respect the women, why are the men always calling the women "bitches" and "hos"? but more importantly, why do these women like to be talked to like this, and treated like this?

Someone actually told me Snoop Doggy Dog is a poet. Can you believe that. A poet? You see...you see.. people actually believe this. Animals.. just animals. Have you seen some of their videos that play 24/7 on all the music channels worldwide? It's all image. all the girls are acting like whores, sorry let me rephrase that.. all the girls are whores. I can't understand what has happened to this world.

They keep refering to each other as niggers or niggahs they're all black, yet they keep saying the "N" word to each other? Does this mean that they understand that they are in fact inferior niggahs? They should stop, and be more gentlemanly and civilized. In one video some rapped is trying to have sex with a car, while eating fried chicken. WTF!!!

Things weren't like this before. People had respect for each other, they had manners, and a sense of decency.

Stop degrading yourselves, i'm trying to help you

RESPECT WOMEN YOU FUCKING ANIMALS

Raining

August 24 2006 0 10 :

It rained a couple days ago, i went for a walk in the rain it wasn't raining much when i went, i really went to get a beer at the Dep, but it was so dark outside, and raining. I just couldn't rush back home.

I just wish the rain didn't pick up, otherwise it would'a been perfect. I see people running from the rain, it makes me laugh. You know, how people quickly rush from their car, or home, or shopping mall, so they don't get wet I don't get it!

Or with their umbrellas (I don't use Umbrellas)

My trenchcoat flew behind me a couple of times when the wind picked up, other than that not very windy. Just the way I like it And it was deserted, every street, it looked like everyone had died. Cuz' there wasn't a person anywhere Another reason i liked it lol. Well, not no one on one. I did see some people, but like 95% less population than regular.

Ever notice that when the clouds turn grey the humans become sparse, like, even before the rain, even if there is no rain. I'll never understand humans The way they live their lives their feelings, the things they want to do in life, probably has something to do with these invisible gods they pray to. Meh.

Death Knight

July 13 2006 09:34 am

It rained for three days
The sky is greyso grey
A deep cut slowly makes it's way through the palid clouds, and a figure emerges.

Dropped in black cloth. Head to toe, all black
Boots as black as tar
Cloak lashing to and fro with the wind
The hood covers his face entirely
The skeletal horse he rides neighs with ferocity as the reins are pulled to the side to steer the mighty beast to the left
His two-handed sword on his back, axe on his left side, sword on the right.
A modified shotgun on a leather sling hangs downwards

The mysterious figure rides down to the earth on what would appear to be an invisible mountain. As his steed's hoofs touch the wet grass, it lets out an angry growl, almost as though it yearns to be elsewhere

The disgusting human creatures scream in panic and run in all directions, taking with them their lies and deceptions. The Death Knight gazes at the humans with an empty stare, as they knock each other down in a mad dash to safety. He wishes to slaughter them as they flee, but sensing that his war horse is hungry and quite weary of the long journey, he decides to rest.

It starts to rain slightly, as he heads into the nearby forest for sanctuary. The human noise dimming in his ears as they move deeper into wilderness.

Raining blood

July 13 2006 07:55 am

There was a thundering boom and the sky ripped open
All went silent
No birds chirping, no dogs barking, no children running around playing,
Not a sound. No cars, no honking horns, no machines. Not a sound.

A little blonde haired girl is walking home from school.

Then a soft drizzle (no wind)

Tap tap tap it said, as the raindrops hit the pavement

Tap tap tap it said, as it hit the roof tops

Tap tap tap it said, as it hit the cars, trucks, and buses

Tap tap tap it said. Again and again and again.

The little girl looks up at the sky, giggles slightly to herself, and starts to walk faster

The rain quickens it's pace (a strong breeze)

Shhhhhhhhhh it said, as it splashed against the windows

Shhhhhhhhhh it said, as it flooded the streets

Shhhhhhhhhh it said, as it drowned the rodents and insects

Shhhhhhhhhh it said. Just.. Shhhhhhhhhhhhhhhhhhhhh

The little cutie smiles to herself as she starts running. Her greenish-blue eyes glimmer with excitement.

The moderate rain turns to all out thundershowers, a likes of which has never been seen on this wretched earth. From the skies comes a laughter, a laugh like no other.

The little girl runs home and opens the front door. She holds the wall for support as she takes off her shoes.

She's so happy.

She runs up the stairs into her mothers arms

A blood curling scream is heard.

Look out friends

The RCMP and CSIS in Canada and Local Law enforcement and F.B.I. in the States have been scouring this web site during the last 3 months Looking to arrest you guys and girls for nothing.

Ever since that girl from Alberta killed her family, they've been going through the pros, and have arrested dozens of people because of what they wrote in their journals (like talking about killing someone), or the pics they got (like holding a gun) or whatever.

Just be careful about what you write. Select "Private Entry" for anything that might be perceived as suspicious. For now.

Religion is stupid

June 02 2006, 02:51:am

People all over the world kill each other because of things that strangers, did to other strangers, thousands of years ago. I dunno, but it doesn't make any sense to me.

People live their lives according to fairy tales. They believe things that aren't even true. And they know it's not true, but they still believe in it.

I must be the only person in the world that thinks the world is FUCKED UP.

My movie	May 02 2006, 11:29 pm
<p>I've been writing a script for a movie during the last 6 months or so. I'm still working on it, after it's all written up it'll probably be like 200 pages long. Then I'll have to do major editing, like, take entire scenes out and stuff.</p> <p>But it's fun. I just don't know how to go about getting someone, like a movie director or producer to look at it. Cuz' I've never been in this field of work before. But I don't need to worry about that just yet, cuz' I don't even know how it's gonna end. Like, I kinda know the final conclusion. But there's tons of extra stuff I can add or delete from the last 20 minutes of the movie.</p> <p>Like in the movie "SAW 2". The last 10 minutes or so, makes the movie great. And just like that, there's tons of movies where the last bits are spectacular and only then is the movie a success.</p> <p>Mood:No mood Working on script Music:No musicWorking on script</p>

One of Bonnie Parker's Poems

March 18, 2006, 03:12 am

THE TRAIL'S END

You've read the story of Jesse James
of how he lived and died
if you're still in need
of something to read,
here's the story of Bonnie and Clyde

Now Bonnie and Clyde are the Barrow gang
I'm sure you all have read,
how they rob and steal;
and those who squeal,
are usually found dying or dead.

There's lots of untruths to these write-ups:
they're not as ruthless as that,
their nature is raw;
they hate all the law,
the stool pigeons, spotters and rats.

They call them cold-blooded killers
they say they are heartless and mean.
But I say this with pride
that I once knew Clyde
when he was honest and upright and clean.

But the law fooled around;
kept taking him down,
and locking him up in a cell.
Till he said to me
"I'll never be free,
so I'll meet a few of them in hell"

The road was so dimly lighted
there were no highway signs to guide
But they made up their minds
if all roads were blind
they wouldn't give up till they died

The road gets dimmer and dimmer
sometimes you can hardly see
But it's fight man to man
and do as you can,
for they know they can never be free

From heart-break some people have suffered
from weariness some people have died.
But take it all in all,
our troubles are small
till we get like Bonnie and Clyde

If a policeman is killed in Dallas
and they have no clue or guide.
If they can't find a fiend,
they just wipe their slate clean
and hang it on Bonnie and Clyde.

There's two crimes committed in America
not accredited to the Barrow mob
They had no hand;
in the kidnap demand,
nor the Kansas City Depot job.

A newsboy once said to his buddy;
"I wish old Clyde would get jumped.
In these awfull hard times,
we'd make a few dimes,
if five or six cops would get bumped"

The police haven't got the report yet
but Clyde called me up today
He said, "Don't start any fights;
we aren't working nights,
we're joining the NRA "

From Irving to West Dallas viaduct
is known as the Great Divide.
Where the women are kin;
and the men are men,
and they won't "stool" on Bonnie and Clyde.

If they try to act like citizens
and rent them a nice little flat.
About the third night;
they're invited to fight,
by a sub-gun's rat-tat-tat.

They don't think they're too smart or desperate
they know that the law always wins.
They've been shot at before;
but they do not ignore,
that death is the wages of sin

Some day they'll go down together
they'll bury them side by side
To few it'll be grief
to the law a relief
but it's death for Bonnie and Clyde

Fatality of Mind and Soul

People once believed, that when someone dies, a crow carries their soul to the land of the dead. But sometimes, something so bad happens that a terrible sadness is carried with it and the soul can't rest. The people of Germany and Austria

Their men have an iron will. They are brave, courageous, fearless, and determined. This makes the Aryan men the greatest warriors of all time.

Their women are goddesses. They are beautiful, intelligent, kind, caring, and elegant. This makes the Aryan women goddesses on this earth.

Marilyn Manson - Hollywood

January 25 2006 12:03 pm

Hollywood is his best work so far. I don't like the new cd. It sucks compared to the older stuff. I hate when bands change their style for whatever fucking reason. I don't care about the reasons.

Bring back the old Manson..... the good Manson.

I loved Metallica so much. And then they come out with "St-Anger" WTF!!! No, seriously, WHAT THE FUCK!!! It's absolute garbage compared to "Master of Puppets" "Ride the Lightning" or the "Black" album. I wouldn't listen to "St-Anger" if they paid me. That's right. You heard me motherfuckers.

Can't sleep

January 23, 2006, 04:20 am

It's so late. But I'm not sleepy. Arrgghhhh. Just listening to Manson and drinking JD's whiskey. Yup. I know, I know, not too interesting, but it is 4 in the morning.

Insomnia ,nsomn a Insomnia

Saying that word makes me want to sleep, but I can't.

I wonder what happened to Barbara Boren, from High School? Not that I ever really knew her much. But when you're in High School, you don't really realize, that after graduation, you're never ever going to see most of those people ever again. If I'd a known that, I would'a at least told her I liked her. Maybe hung out with her a bit after school, would'a been fun. Meh, she probably didn't like me anyway. She was always full of energy, running here and there. LOL. I wonder if she's still like that. Guess I'll never know.

Jocks and preps

January 18, 2006 09:41 pm

I'm so sick of hearing about jocks and preps making life hard for the goths and others who look different, or are different.

The other day on T V they were talking about this 15 year old kid that was killed by the cops cuz he took a fake gun to school. Then they said he was emotionally disturbed and suicidal. Aaaaa Duh!! If people were making your life a living hell wouldn't you be hurt emotionally?

How come no one ever talks about those MOTHER FUCKING JOCKS AND PREPS who's fault it is. Oh no. Heaven forbid. We couldn't possibly say that. Why does society applaud jocks? I don't understand. They are the worse kind of people on earth. And the preps are no better. They think they're better than others.... but they're not.

And all of society applauds the jocks and preps. As if we are all supposed to be like them. Newsflash motherfuckers:

We will never be like them. NEVER.

Vengeance is coming December 23, 2005, 09:21:pm

It will be a quiet and peacefull morning. A light drizzle will be starting up. The clouds will be grey, so grey. Just the way I like it. Disembowled bodies litter the streets. Some have been decapitated, others hung off bridges and over-passes. Yet, others still lie burning. Flames slowly eating away at their putrid flesh. Glorious. Winter December 03, 2005, 01:53:pm

Winter approaches from all sides. It's snowed twice this year, but it's only December. I love the snow and ice. So cold. Ice especially, when it's freezing rain. That's so cool. All the streets, roofs of houses, cars, and everything, is covered in a thin sheet of ice. It's beautiful like a winter-wonderland.

I dunno. I stopped believing in stuff like that long
ago.

But to answer your question, I'd say, "it get
destroyed at youth by the false world".

Do you think they got beers in Hell? or in heaven?
I'll go where there's alcohol and guns.
